SO MUCH CAN BLOOM IN JUST ONE YEAR

What began as a dream in 2022 blossomed into something truly magical with the official formation as a Non-Profit in March 2024. In just a few short months, our very first event raised **\$3,466**—an early sign that something special was taking root. That very first event was on October 20, 2024, and was our first **Light The Night Walk for Pregnancy & Infant Loss Awareness**.

Since that event, **The Daffodil Room Group** has become a recognized organization in the community to support families and individuals navigating the struggles of infertility and pregnancy loss. Our nonprofit has since added two new board members who whole-heartedly believe in the mission that we are carrying forward. In April of 2025, we hosted our first **Bloom Gala for Infertility Awareness**, surpassing our goal of \$25,000 to over \$38,000 raised, all thanks to the generous community sponsors and attendees.

The **Second Annual Light The Night Walk for Pregnancy & Infant Loss Awareness** took place on October 12, 2025. Although the event itself grew tremendously since only one year prior, the same warm welcome, inclusivity, and supportive atmosphere was ever-present. From raising \$3,466 in total in our first year, to an overwhelming \$8,780 raised with this year's event, the opportunities are becoming endless thanks to the support provided to us from community members and businesses alike.

The growth has been faster than we ever imagined, and with each step forward, our mission comes to life: to support those facing pregnancy and infant loss with compassion, care, and community. We are thrilled that our programs and services have taken off, with **FREE virtual support groups** for infertility and pregnancy loss offered several times a month by our dedicated volunteers. **As we look to the future, we're filled with hope. Hope that through continued services, heartfelt donations, and passionate community work, we'll expand our reach, offer more resources and plant the seeds of support where they're needed most.**

BECAUSE OF YOU, WE CAN SAY

"Now We Can!"

From the very beginning, **The Daffodil Room Group** has been about planting seeds of hope—and thanks to the generous support we have received, we're watching those seeds grow into real, tangible change.

Because of you, we are no longer dreaming—we're doing. The financial support through generous donations and event participation has made it possible to fund:

Pregnancy & infant loss care packages

DoorDash or Uber Eats gift cards to provide meals for families experiencing loss

Instacart or grocery giftcards for families experiencing loss, or hired house work to assist with every day home needs and upkeep

Continue to offer FREE virtual support groups several times a month for families

Our Wish List...

To one day be able to provide families with stillbirth doula services free of charge to assist with the process of birthing in tragedy

To launch our "Angel Line", a 24/7 text line to provide non-medical support & resources to those experiencing loss in real-time or when they need it most

The Daffodil Room Group

OUR GOAL

Our mission is rooted in a simple, powerful belief: **every family deserves the chance to grow**. We're offering hope, compassion, and a reminder that no one should have to face this journey alone. The financial support that we receive is more than just funding. Instead, this support provides lifelines of empathy and encouragement for those navigating the heartbreak of pregnancy and infant loss.

As we look to the future, our goal is to continue blooming—spreading support beyond Northeast Ohio and reaching more families across the state. We dream of growing our programs, expanding access, and planting seeds of hope throughout every corner of Ohio. But no matter how far we reach, our purpose stays the same: to walk alongside those who are struggling, to ease the burdens they carry, and to be a source of light during some of life's most challenging seasons. Because what they're going through is hard—and if we can make even one moment feel a little lighter, a little more hopeful, then we've done something meaningful. We're not just dreaming anymore.

We're doing—together.
